

**REMARKS**

In the paper filed with the USPTO on July 5, 2005 "Reply to Election of Species Requirement" Applicant's inadvertently omitted the mention of claim 23 in paragraph 2 of page 2 of the Reply. The Applicant's would therefore like to repeat that all of the claims read on the elected species, including claim 23. The Substitute Sequence Listing in no way introduces new matter into the specification. Also submitted herewith in full compliance with 37 C.F.R. §§1.821-1.825 is a disk copy of the Substitute Sequence Listing. The disk copy of the Sequence Listing, file "2005-07-18 1110-0324PUS1.ST25.txt", is identical to the paper copy, except that it lacks formatting.

The specification is amended to reference each amino acid sequence from the figures with a corresponding SEQ ID NO. The Sequence Listing is amended to further describe each artificial sequence and to properly identify the present application by filing date and serial number. No new matter is introduced by these amendments.
